

**AUSTALIA'S BUSIEST KITCHENS
RELY ON COOKON.**

Oil filter papers and poly bags

By regularly filtering your fryer oil, you will remove contaminants that can cause oxidation and darkening of your cooking oil that will diminish the taste as well as prolong the life of the oil and save you money. These are the highest quality filters on the market and inferior brands do not do the same job.

Designed to fit all Kaybee Oil filter machines, this product is a genuine Kaybee oil filter paper, is food grade acceptable and is made from FDA CFR 176170/180 Section 21 approved raw materials. Has a 70 micron media with excellent loftiness in the fibre structure whilst maintaining a consistent lay of fibres.

CODE	DESCRIPTION	MACHINE USED IN
PAPERS		
RFP-100	Round 41cm (100 per packet)	KBS-4S & KBS-4SB
